Github Repo

Documentation

A azeazeqsfd

The screenshot displays a dark-themed seller dashboard for 'ArtisanVue'. At the top, there's a navigation bar with 'Dashboard' and a user greeting 'Bonjour azeazeqsfd'. On the left, a sidebar lists 'Platform' and 'Dashboard' under 'Dashboard' (which is highlighted), along with a 'New Product' button. The main area shows three product cards. Each card features a small image of a grey and white cat, the product name, a red 'delete' button, a blue 'edit' button, the price (25€, 55€, or 44€), and an 'Add to cart' button. The dates 'jeu. 6 novembre' are aligned with the second and third products. At the bottom left, there are links for 'Github Repo' and 'Documentation', and a user profile section with the name 'azeazeqsfd'.

Documentation

A azeazeqsfd

The screenshot shows the 'New Product' section of the ArtisanVue application. It includes fields for 'Name' (Nom du Produit), 'description' (Descriptption), and 'Price' (0). A large dashed blue rectangular area contains a downward arrow icon and the text 'insérer un fichier ici'. Below this is a 'Create product' button. At the bottom left, there are links for 'Github Repo' and 'Documentation'. On the right side, there is a user profile section with the name 'azeazeqsfd'.
